

Sharing Information
Enhancing Preparedness
Strengthening Homeland Security

LLIS.gov Resources for Hurricane Preparedness

Lessons Learned Information Sharing (LLIS.gov) is a US Department of Homeland Security/Federal Emergency Management Agency program. *LLIS.gov* serves as the national, online network of lessons learned, best practices, and innovative ideas for the emergency response and homeland security communities. This information and collaboration resource helps emergency response providers and homeland security officials prevent, protect against, respond to, and recover from terrorist attacks, natural disasters, and other emergencies. *LLIS.gov* provides Federal, State, and local responders with a wealth of information and front-line expertise on effective planning, training, and operational practices across homeland security functional areas.

- Online since April 19, 2004
- Over 50,000 registered members
- Over 14,000 documents, including more than 1,700 state and local plans, 700 after-action reports, and 900 original content documents
- Secure message boards and collaboration tools
- Targeted information on current homeland security topics

The *LLIS.gov* Hurricane Preparedness page is a one-stop resource for information related to hurricane response, recovery, and mitigation planning. The documents in the page's resource library cover hurricane-related topics such as:

- Health and medical issues;
- Logistics;
- Modeling and geographic information systems;
- Private sector and business;
- Public information sharing; and
- Recovery and mitigation.

DOCUMENTS ON *LLIS.GOV*'S HURRICANE PREPAREDNESS PAGE

The *LLIS.gov* Hurricane Preparedness page offers a searchable directory of over 1,000 hurricane-related documents, including hurricane plans, templates, after-action reports, and public information guides.
